

SIGASCOT – DJO/AIRCAST FELLOWSHIP

October 14th-17th, 2009

Destinations of the Fellowship:

**LUXEMBOURG
STRASBOURG**

FELLOWSHIP SPONSORED BY DJO-AIRCAST ITALY

Société Luxembourgeoise de Recherche
en Orthopédie et en Médecine du Sport.s.b.l.

Centre
Médical
Olympique
Luxembourgeois

THE HOSTS

The Luxembourg Olympic Medical Center is proud to have been selected to host the Sigascot Sports Medicine Fellowship, the Sigascot has organised in previous years in cooperation with the German Society of Orthopaedic Sports Medicine(GOTS). The Luxembourg Olympic Medical Center has been created in 2008 in order to harmonize and improve sports medicine care in athletes of all levels in

Luxembourg in close cooperation with the National Sport Federations. Starting from 7th of July of this year, the Sports Medicine Research Laboratory of the Public Research Centre for Health has been added to this structure and is currently in full development. The structures are all located within or close to the 'Centre de l'Appareil locomoteur, de Médecine de Sport et de Prévention' at the Clinic d'Eich which is part of the Centre Hospitalier of Luxembourg.

The goal of this structure is to cover a broad range of aspects in sports medicine from a clinical, scientific and educational perspective.

We express a warm welcome to Dr Pietro SPENNACCHIO from Milan and Dr Silvana DE GIORGI from Bari and wish them a fruitful fellowship.

Prof. Dr Romain SEIL
Priv.-Doz. Dr Dietrich PAPE

Prof. Dr Axel URHAUSEN
Prof. Daniel THEISEN, PT, PhD

List of members of the medical team

Dr José AZZOLIN – Rehabilitation medicine
Dr François BACKES – Trauma surgery
Prof. Dr Torsten GERICH – Trauma surgery
Dr Christian NÜHRENBÖRGER – Non operative orthopaedic sports medicine
Priv.-Doz. Dr Dietrich PAPE – Knee and shoulder surgery
Prof. Dr Romain SEIL – Orthopaedic sports medicine, knee and shoulder surgery
Prof. Daniel THEISEN – Director of the Sports Medicine Research Laboratory, Public Research Centre for Health, Luxembourg
Dr Thomas THÜNENKÖTTER – Internistic sports medicine and exercise physiology, sports school
Prof. Dr Axel URHAUSEN – Internistic sports medicine and exercise physiology
Dr Nicolien VAN GIFFEN – Foot and ankle surgery, sports school
Roland KRECKE, – Sports physiotherapy
Louis WENNIG, Laurent RADRIZZI,
Danielle SCHAACK,
Anne FRISCH, Veronique HANSEN

Participating Institutions and Societies :

Centre de l'Appareil Locomoteur, de Médecine du Sport et de Prévention – CHL
Sports Medicine Research Laboratory, Public Research Centre for Health
Société Luxembourgeoise de Médecine du Sport
Société Luxembourgeoise de Recherche en Orthopédie et Médecine du Sport
Sportslycée
ESSKA

The fellows :

Dr. Pietro Spennacchio, Humanitas Hospital Milan
pietrosspennacchio@faswebnet.it

Dr. Silvana De Giorgi , Policlinico in Bari
silvanadegiorgi@virgilio.it

Their oral presentations :

Pietro Spennacchio:

Hindfoot Endoscopy - Operative Indications

Dr. Silvana De Giorgi:

Acromionplasty: how, when, why?

Arthroscopic treatment in failed Latarjet procedures

SCHEDULE

04.10.2009:	Arrival in Luxembourg, free time
05.10.2009:	Visit of the human resources department in order to complete all the necessary administrative hospital requirements. OP with Priv.-Doz. Dr. Dietrich PAPE
06.10.2009:	OP with Prof. Dr. SEIL
07.10.2009:	OP with Priv.-Doz. Dr. Dietrich PAPE
5pm:	30 min lecture on a sports medicine-related topic at the interdisciplinary staff of the sports-medicine department as well as a presentation of their home institute and activities
08.-10.2009:	ESSKA Cartilage Committee Course in Luxembourg (Program and social activities)
11.10.2009:	Free day
12.10.2009:	OP with Priv.-Doz. Dr. Dietrich PAPE In the evening departure with Prof. SEIL to Strasbourg (France) to the EITS Course (cf. program, combined ESSKA-SFA arthroscopy cadaver course)
13.10.2009:	EITS, Arthroscopic Surgery Course, Prof. Dr. SEIL is instructor
14.10.2009:	EITS, Arthroscopic Surgery Course. In the evening return with Prof. SEIL to Luxembourg
15.10.2009:	OP Prof. Dr. SEIL and Dr. VAN GIFFEN
16.10.2009:	Visit of the sports school and sports medicine research lab in Luxembourg in collaboration with Prof. Daniel THEISEN and Dr. Nicolien VAN GIFFEN
8 pm:	Farewell dinner in the Centre of Luxembourg City
17.10.	Departure

CURRICULUM VITAE

Dati anagrafici

- Pietro Antonio Spennacchio (Milano 1.09.1977)
- Ab: Via Guerrazzi 5 – 20145 Milano
- Tel: +39.333.7806815
- E-mail : pietrospennacchio@faswebnet.it
- Lingue parlate: italiano, inglese, francese.

Cursus universitario

- Laurea in Medicina e Chirurgia presso Università degli Studi di Milano il 29.10.2002, votazione 110/110 e Lode - Tesi di laurea : “Disturbi posturali nei giovani sportivi: criteri di valutazione” – Relatore: Chiar.mo Prof A.Lanzetta.
- Diploma di Specializzazione in “Ortopedia e Traumatologia” presso Scuola di Specialità in Ortopedia e Traumatologia I di Milano (Direttore: Professor G.Peretti) in data 2.11.07, votazione 70/70 e Lode - Tesi di laurea : “Osteosintesi con placca a stabilizzazione angolare nel trattamento chirurgico delle fratture scomposte dell’omero prossimale: revisione di casi” Relatore: Chiar.mo Prof G.Peretti

Cursus professionale

- NOVEMBRE 2002 – MAGGIO 2004: medico frequentatore e specializzando presso “Centro di Traumatologia dello Sport ” – primario: prof Albino Lanzetta. Istituto Ortopedico G.Pini, Milano.
- GIUGNO 2004 - OTTOBRE 2004 : facente funzione interno presso il reparto di Ortotraumatologia pediatrica diretto dal prof Alain Dimeglio – CHU Hopital Lapeyronie, Montpellier (ospedale convenzionato con la Scuola di Specialità Ortopedia e Traumatologia I di Milano)
- AGOSTO 2005 – APRILE 2006 : facente funzione interno presso il reparto “Ortopedia e Traumatologia dello Sport” diretto dal prof Dominique Saragaglia – Hopital Sud, CHU Grenoble (Francia)
- MAGGIO 2006 – NOVEMBRE 2006: fellowship presso il centro di chirurgia della spalla diretto dal dott Laurent Lafosse – Clinique Générale, Annecy (Francia) (fellowship SIA)

- AGOSTO 2008 – DICEMBRE 2008: fellowship “Hindfoot Endoscopy and Ankle Arthroscopy” presso reparto di Chirurgia Ortopedica diretto dal Prof. CN Van Dijk, Academic Medisch Centrum Amsterdam, Olanda.
- Da GENNAIO 2009, dirigente medico II livello presso “Centro chirurgia dell’anca” – direttore: Prof. Gianni Randelli. IRCCS Policlinico San Donato Milanese

Attività Professionali

- **Medico responsabile ai Campionati Mondiali di sci d’erba**, 9-9/14-9-2003, Passo della Presolana (Bergamo)
- **Medico sociale della prima squadra Amatori Rugby Milano stagione 2003/04 e 2004/05**
- **Collaboratore commissione medica FISI (Federazione italiana sport invernali)** per la squadra A snowboard e freestyle stagione 2003/04 e 2004/05.

Partecipazioni a corsi

- **Corso base principi AO** 26-29 Mars 2006, Sainte Maxime – France
- **Faculty member Mitek Shoulder Institute International Interactive Shoulder Course** (Direttore del Corso : dott. Lafosse) ; giugno 2006, ottobre 2006, marzo 2007, marzo 2008, novembre 2008, febbraio 2009. Annecy (Francia).
- **20th Congress of the European society for Surgery of the Shoulder and Elbow ESSE-SECEC** – 20-23 settembre 2006, Athens
- **Faculty member Surgical Team Juniors Annecy Live Surgery International Shoulder Advanced Course 2007** (Direttore del corso : dott. Lafosse) ; 31 Maggio – 3 Giugno 2007, Annecy (Francia)
- **Faculty member Annecy Live Surgery International Shoulder Advanced Course 2007** (Chairman : doctor Lafosse) ; 4-7 June 2009, Annecy (France)
- **9th Amsterdam Foot and Ankle Course** – Course Chairman: Prof. CN van Dijk, 18-19 June 2009, Amsterdam (Netherlands)
- **Masterclass Ankle & Hindfoot**, Reykjavik Iceland 12,13 settembre 2009 – Course Chairman: Prof. CN van Dijk

Comunicazioni e Lavori

- **I, II Corso di Traumatologia dello Sport** Maggio 2004-Febbraio 2005, Istituto Ortopedico G.Pini-Milano; comunicazione: *“Patologie da sovraccarico arti inferiori - Tennis Leg”*
- **Poster ESSE-SECEC** – 20-23 settembre 2006, Athens - *“ Arthroscopic diagnosis and treatment of the anterior and inferior HAGL lesion – Surgical Technique”* - Pietro Spennacchio, Laurent Lafosse - Department of Shoulder, Elbow and Hand Surgery, Clinique Générale d’Annecy, FRANCE
- **Comunicazione S.I.A. 7-11 marzo 2007, Modena** *“HAGL-Lesion: diagnostica e trattamento artroscopico, tecnica chirurgica”*

CURRICULUM VITAE

Dati anagrafici

DE GIORGI SILVANA, M.D.

Via Delle Murge 59/A
70124 Bari , ITALY

Place and date of birth: Bari, 15/05/1972

E-mail: silvanadegiorgi@virgilio.it

Orthopaedics and Traumatology specialist

Confirmed university researcher at SDS MED/33 locomotor apparatus diseases, Medical and Surgery Faculty, University of Bari.

17/7/1990:

School-leaving linguistic certificate obtained at the
“Preziosissimo Sangue” Institute of Bari, marks 60/60.

1990-1996:

Medicine and Surgery degree course at the University of Bari.

Erasmus programme participation :

Stage at Sherbrooke University (Québec) from 4/3/92 to 18/6/92.

Stage at Valladolid University (Spain) from 1 to 30 September 1993.

Medicine and Surgery Degree certificate on 10/10/96, with marks 110/110 and praise and discussion of the thesis “Idiopathic Scoliosis treatment by Chêneau brace” (presentation at the degree session with 108 marks).

Application in the medical register of Bari from July 1997.

November 1996 - 2001:

Orthopaedics and Traumatology Specialization Course.

During the years 1997-1998 she taught macroscopic anatomy at the II year of the Medicine and Surgery Course.

Stage at S. Vincent de Paul Hospital in Paris, directed by Prof. J. Dubousset, from 2nd to 31st January 1998, to study spine diseases.

She gained the 1999 SIOT scholarship. Stage at the Orthopaedics and Traumatology Division at André Mignot Hospital in Versailles, directed by prof. P. Beaufils, from 03/05/99 to 04/08/99. In this period she worked in the orthopaedics surgery emergency division and she performed 160 surgeries in a lot of orthopaedics fields and above all in the arthroscopic one.

During the Orthopaedics and Traumatology Course she performed 938 surgeries (199 as first operator).

In the years 1999-2000 and 2000-2001, she was tutor in the Orthopaedics and Traumatology Course for the University Degree of Physiotherapy in Bari.

Orthopaedics and Traumatology Specialty Degree obtained on 9 November 2001 with marks 50/50 and praise and discussion of the thesis “Biomechanical analysis of caudal junction in idiopathic scoliosis: a comparison of techniques.”

Nomination to “Subject expert” for the scientific sector MED/33, Locomotor Apparatus Diseases, obtained by the Medical Faculty of Bari University on 12/12/2001.

She gained the Paltrinieri price for the best Specialty thesis in Orthopaedics and Traumatology in the years 2000-2001.

Medical Manager at the III Orthopaedics and Traumatology Unit of Azienda Ospedaliera Policlinico Consorziale of Bari from 18/09/02 to 29/12/02.

She filled a post by open competition as non confirmed researcher at the Bari University for the MED33 Section on 23/12/02, where she took service from 30/12/02.

2002-2003 academic year: Teaching for selected didactic activities: Biomechanics and functional anatomy of locomotor apparatus- III year of the Medicine and Surgery Degree Course (0.5 credits).

Orthopaedic semeiotics- IV year of the Medicine and Surgery Degree Course (0.5 credits).

Spine instrumentation - III year of the Orthopaedics and Traumatology Specialty Course (5 hours).

From 1/11/03 to 30/1/03 Stage at the Humanitas Clinic Institute in the Department directed by prof. M. Randelli to study shoulder arthroscopic topics (dott. Castagna).

2003-2004 Academic year: Teaching at the triennial Degree Course in Prevention techniques in the environment and in working places (CFU3).

Spine instrumentation - III year of the Orthopaedics and Traumatology Specialty Course (5 hours).

Teaching for selected didactic activities: Biomechanics and functional anatomy of locomotor apparatus- III year of the Medicine and Surgery Degree Course (0.5 credits).

Orthopaedic semeiotics- IV year of the Medicine and Surgery Degree Course (0.5 credits).

Mininvasive and arthroscopic surgery: V year of Medicine and Surgery Degree Course (0.5 credits).

2004-2005 Academic year:

Teaching at the triennial Degree Course in Neurophysiopathology techniques (CFU:2)

Teaching at the triennial Degree Course in Prevention techniques in the environment and in working places (CFU3).

Teaching at III year of the Orthopaedics and Traumatology Specialty Course: Metabolic infective and paraneoplastic bone diseases (20 hours).

Teaching: Physiotherapy and rehabilitation at IV year of the Specialty Course in Physiotherapy and rehabilitation (15 hours).

“Orthopaedics and Traumatology” teaching at the IV year of the Specialty Course in General Surgery.

“Orthopaedics and Traumatology” teaching at the III year of the Specialty Course in Plastic Surgery.

Teaching for selected didactic activities: Biomechanics and functional anatomy of locomotor apparatus- III year of the Medicine and Surgery Degree Course (0.5 credits).

Orthopaedic semeiotics- IV year of the Medicine and Surgery Degree Course (0.5 credits).

Mininvasive and arthroscopic surgery: V year of Medicine and Surgery Degree Course (0.5 credits).

2005-2009 Academic years:

She has been teaching “Orthopaedics and traumatology” at the second year of the triennial Degree Course in Neurophysiopathology techniques (CFU:2) since 2004 to nowadays.

She has been teaching “Orthopaedics and traumatology” at the second year of the triennial Degree Course in Prevention techniques in the environment and in working places (CFU3) from 2003-04 to nowadays.

“Orthopaedics and Traumatology” teaching at the III year of the Specialty Course in Plastic Surgery at the University of Bari from 2003-04 to nowadays.

“Orthopaedics and Traumatology” teaching at the IV year of the Specialty Course in General Surgery at the University of Bari from 2004-05 to nowadays.

“Physiotherapy and rehabilitation” teaching at IV year of the Specialty Course in Physiotherapy and rehabilitation (15 hours) from 2004-05 to nowadays.

Teaching for selected didactic activities: Biomechanics and functional anatomy of locomotor apparatus- III year of the Medicine and Surgery Degree Course (0.5 credits) from 2002-03 to nowadays.

Orthopaedic semeiotics- IV year of the Medicine and Surgery Degree Course (0.5 credits) from 2002-03 to nowadays.

Mininvasive and arthroscopic surgery: V year of Medicine and Surgery Degree Course (0.5 credits) from 2002-03 to nowadays.

Joint semeiotic elements: inferior limb, normal subject teaching: first year of the Medicine and Surgery Degree Course at the University of Bari from 2005-06 to nowadays

Stage at the Clinic Humanitas Institute from 1/02/08 to 30/4/08, following a win of the SIOT 2007 scholarship, in the Department directed by Dr Castagna to focus arthroscopic shoulder topics.

Doctor **Silvana De Giorgi** participated on 28/03/07, as a member of a committee to the board meeting named by D.R. 1815 prot. 40826-III/3 of 31/01/2007 for **the title of doctor of research in Medicine Education (XIX cycle).**

Doctor **Silvana De Giorgi** was named as a **member** of the **Technical-Scientific Committee of the Interdepartmental Service Centre for Innovation in Medicine and Surgery Education** on 21/05/07

Member of the following scientific societies:

SIOT (Italian Society of Orthopaedics and Traumatology) from 1998.

SCMG (Surgery of the Hand Society) from 1998.

GIS (Spine Society) from 1999.

SIA (Italian Society of Arthroscopy) from 2003.

Scientific papers and/or posters which I presented to meetings in the last three years:

1. "Le scoliosi" "The scoliosis" S. De Giorgi.: *LE RACHIALGIE (Back Pain)*. Bari, 26 april 2006.
2. "Il trattamento della scoliosi idiopatica con Boston Brace" "The idiopathic scoliosis treatment by Boston Brace" Paper presented to the meeting XXIX Congress GIS, Padova, 8-10 June 2006.
3. "Il comportamento del limite caudale di artrodesi nelle scoliosi toraciche strumentate con CD" "Caudal end fusion analysis in thoracic scoliosis instrumented by CD". S. De Giorgi, O.De Carolis, A. Luca, A. Piazzolla, G. De Giorgi. Poster presented to the XXIX Congress GIS, Padova, 8-10 June 2006.
4. "Lesioni traumatiche (menischi, legamenti)" "Traumatic injuries (meniscus, ligaments)" S. De Giorgi. Meeting: The knee pain-La gonalgia, Bari, 14 June 2006.

5. "Presentazione del progetto per l'istituzione di un registro regionale di chirurgia vertebrale" "Presentation of a project for the institution of a regional registrar about spine surgery" S. De Giorgi, P. laquinta. Topic presented to the meeting "La chirurgia percutanea nel trattamento delle fratture vertebrali" "Percutaneous surgery in vertebral fractures treatment" . Bari, 3-5 May, 2007.
6. "Il corsetto Chêneau: è ancora valida la realizzazione manuale?" "Cheneau brace: is manual manufacturing valid yet?" G. Nacci, S. De Giorgi, L. Caforio. Topic presented to the XV Congress FIOTO Sanremo, 7-9 June 2007.
7. "La chirurgia artroscopica del ginocchio" "Arthroscopic knee surgery" S. De Giorgi. Topic presented to the 5th Italian University Surgeons National Meeting, Bari, 22-24 November 2007.
8. "La chirurgia artroscopica della spalla" "Arthroscopic shoulder surgery" S. De Giorgi. Topic presented to the 5th Italian University Surgeons National Meeting, Bari, 22-24 November 2007.
9. "Equilibrio anatomico e funzionale della colonna vertebrale" "Anatomic and functional spine balance" S. De Giorgi. Topic presented to the 10th Course of Biomedica Posturale, Bari, 7-10 October 2008.
10. "Il trattamento artroscopico nelle recidive di instabilità di spalla" "Arthroscopic treatment in recurrent shoulder instability" S. De Giorgi, B. De Cillis, C. Borracci, A. Castagna. Topic presented to the II SIGASCOT Meeting, Bari 9-11 October 2008.
11. "Il trattamento artroscopico nelle recidive di instabilità di spalla" "Arthroscopic treatment in recurrent shoulder instability" S. De Giorgi, A. Castagna. Topic presented to I congresso Accademia Universitaria di Ortopedia e Traumatologia (University Academy of Orthopaedics and Traumatology),Varese, 7-8 November 2008.
12. Roma, 23-27 November 2008: 93° congresso SIOT. Topic presented: "Il corsetto Chêneau: risultati a distanza" "The Chêneau Brace: long term follow-up".
13. Bari, 4 April 2009: "La patologia della cuffia dei rotatori" "Rotator cuff pathology" Topic presented "Acromionplastica: come, quando, perché" "Acromioplasty: how, when, why" S. De Giorgi.

Member of the scientific board of the following meetings:

- Meeting Pugliese di Chirurgia ed Avanzate Tecnologie Ortopediche. (Apulian meeting of surgery and advanced orthopaedics technologies)

Bari, 21 April 2001

- XXV° GIS National Congress (Società Italiana di Chirurgia Vertebrale). 24-25 May, 2002
- Meeting "Correggere senza aggredire. Il ruolo di un Maestro nel progresso in Ortopedia" "To correct without attacking. The role of a Master in the orthopaedics progress" Bari, 14-15 May, 2004.
- La chirurgia percutanea nel trattamento delle fratture vertebrali. Percutaneous surgery in the treatment of vertebral fractures. Bari, 3-5 May, 2007.
- 4° National Italian Society of Osteoporosis Surgery. Bari, 18-19 November 2005.

Chairman of the Round Table of the course for physiotherapists and coaches about “The return to sport after a rotator cuff tear” “La ripresa dell’attività sportiva dopo rottura della cuffia dei rotatori” II SIGASCOT Meeting, Bari, 9-11 October 2008.
